LENDER SERVICES

UNLOCKING SUCCESS: THE CRUCIAL ROLE OF DILIGENCE SERVICES FOR LENDERS

As a lender, your duty is to extend loans with knowledge and confidence.

Sikich LLP's asset-based lending services offer an objective collateral evaluation, employing a meticulous risk assessment process to ensure these investments pave the way for future opportunities.

Our customizable asset-based lending services include:

- Field exams and new prefunding investment surveys
- Eligibility requirements
- Initial loan opportunity evaluation
- Collateral monitoring
- Cash-flow analysis

WHAT ASSET-BASED LENDING SERVICES CAN DO FOR YOU

Our lender service offerings empower you to pinpoint and mitigate risk within your clients' collateral. Count on our due diligence team to proactively identify areas of concern, enhancing your confidence in your clients and bolstering your decision-making.

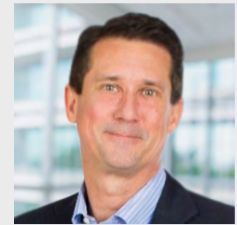

Lender service offerings that provide insight into:

- | | | | |
|---|---|---|-------------------------------|
|  | Borrowing base testing and calculations |  | Insurance coverage |
|  | Identification of ineligible collateral items |  | Tax liability exposure |
|  | Analysis of significant customer and vendor concentration |  | Overall operating performance |
|  | Contingent liabilities |  | Internal controls |

Whether you're a public or private bank, our team of professionals can support you in performing this critical due diligence. Ensure the safeguarding of your clients and investments through our asset-based lending services.
